Device Accidental Protection Plan

The Woodford County Public School system is providing and administering an insurance program for students and parents as part of our Next Generation Learning Initiative. Enrollment in this program is mandatory for a student to be issued a device. Enrollment in the program is achieved by completing this form and submitting it to Woodford County Public Schools. This plan covers "accidental damage" to the device and is designed to limit a family's financial responsibility for any damages as described in the coverage section below. In addition, each device is covered under a manufacturer warranty that covers the normal operation of the device to ensure that it functions properly. A \$25 non-refundable fee is required for the student to take the device home. Students opting not to pay the \$25 fee will check their devices in and out of the library media center each day.

I agree to the provisions outlined in the policy terms and understand that:

- * The Device Accidental Protection Plan form is valid through my child's enrollment in Woodford County Public Schools and is void only when my child graduates from Woodford County High School or withdraws from the district.
- * A \$25 annual, non-refundable fee is required to take the insured device home.
- * The policy only covers the school issued device and does not cover the charger, case, or any personal software installed by the insured.
- * A tiered deductible is in place based on annual occurrences. Claims from a prior year are not used in calculating the deductible.
- * Damage as a result of a violation of the Device User Agreement is not covered. This includes but is not limited to dishonest, fraudulent, intentional, negligent, or criminal acts. Damage to the device is still the responsibility of the student/family.
- * Liability is limited to the replacement/repair of the device; no additional liability is implied or assumed.
- * Jailbreaking/rooting the device voids all warranties and is not covered by this policy. "Jailbreaking" or "rooting" is the act of hacking an operating system and removing manufacturer protections in an attempt to modify a device.

I will participate in the Woodford County Public School's Device Protection Plan and **WILL PAY** the \$25 non-refundable fee, so my student may take his/her assigned device home each day. I agree to the provisions outlined in the policy terms above.

I will participate in the Woodford County Public School's Device Protection Plan but **WILL NOT PAY** the \$25 fee. I understand that my student will be issued a device for school use but that it may not leave school property. Fees and deductibles associated with repairs/replacements are still the responsibility of the student/family. I agree to the provisions outlined in the policy terms above.
