

## WOODFORD COUNTY FOOTBALL

## MULCH MADNESS

It is once again time for MULCH MADNESS!! This spring you can have your flower beds and landscaping looking beautiful and support the Woodford County High School Football Team all at the same time. You can purchase bags or scoops of black platinum premium hardwood mulch. This professional looking hardwood mulch contains no fillers and has been treated so that it stays darker longer. You will be the envy of all your neighbors!! A 2.0 cubic feet nursery bag, which covers 20 square feet, sells for just \$5.50 per bag. But for just \$1 more, the football team and coaches will come out and spread your mulch for you. Why not just go to the store and get mulch yourself? We will deliver your mulch straight to your home and you are able to keep your truck and/or car clean. Do you have an area too large for just bags to handle? We also offer bulk mulch as well. We will have the bobcat fired up and scooping mulch, with one scoop from the bobcat covering 1 cubic yard or the equivalent to 12 bags of mulch. You have the options to have your scoop scooped into your vehicle at the high school for \$30 per scoop or delivered to your home or business for \$40 per scoop. You also have the option to have your scoops spread as well for only \$25 more per scoop. The team will not be responsible for weeding the area, so please have your area weeded before your mulch is delivered. We will be splitting the city of Versailles up into zones to make things more efficient for everyone, please see the zones below to see the dates we will be delivering in your area of Versailles. We would like to thank everyone who has ordered and plans to order mulch. This is our biggest fundraiser and really helps supply the football team with the things they need to build and have a successful program!!

Thank You!!
